

Notification regarding HLC subscription fees due to Covid-19 measures

Board decision on subscription fees

Despite the fact that we have hardly received any questions about subscriptions and fees, we would like to inform all our members, and parents of members about our decision-making process regarding this subject. In line with the advice of the KNGU and our subscription regulations (force majeure art. 3.4), we have decided, based on the Covid-19 situation and the measures taken by our government, to keep collecting fees as usual and not refund any of the fees already paid.

Reasons behind our decision

As you may have noticed, our coaches and trainers are currently working hard to offer the best possible alternative to the regular classes we are currently not able to deliver. They will continue to do so, further developing and expanding the curriculum of alternative lessons, until we can resume lessons as usual. We have also decided, if the situation will allow us, to facilitate and provide lessons in the summer. Our coaches and trainers will continue to work during this period, and we will of course continue to pay/ compensate them for their time and efforts during this period.

Exception with regard to competition fees

As the competition season abruptly came to an end, due to the measures our government has issued, we will refund those fees proportionally and in line with the refund policy the KNGU has put in place as well. This means that all our gymnasts who compete in the KNGU competition will be refunded the amount of competition fees pro rata for the planned matches that are cancelled.

Subscription rate season 2020 - 2021

The new season will start on Monday, August 17th, 2020. We hope the situation will be back to normal by then and lessons can be resumed as before. The subscription fees will be collected as usual on September the first. Due to the current situation, we would like to make a gesture to all our members not to apply an increase (not even the inflation correction of 2.6%) to the subscription rate at that time.

Communication and contact

Please keep an eye out on our website for further notifications and announcements with regard to any changes. Should you have any questions please contact us through email: info@sportclubhlc.nl.

We hope to have sufficiently informed you and thank you all for your understanding and support in these trying times. We wish everyone good health and fun alternative lessons!

Sincerely,
The board of sport club HLC
